2) By "a part of the cost of Estt" the Dfl means, as the secretary supposes, (the secretary's 2nd query) the Rs 14 in question For in serial No 3 of the Subfile "Bunker students' Home File", the Dfl states that "the Committee of the Bunker students' Home (they) have already employed a Water-man, and engaged larger accommodation and promised to increase the pay of the sweeper, — all these charges amounting to Rs 14 in question

The points for orders are

1 the grant of Rs 14 with effect from 1st Feb 1900, to the end of quly as an addl travel grant in aid

2 the grant of Rs 23 as an additional grant in aid permanently in lieu

+ Govt. approve of the principle ++ that the Govt. grant to Students' homes be equal in amount to the monthly charges for house rent, many, and on account of the necessary number of servants, the expenses of feeding being wholly met from the boarding fees collected".

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 9925 / 462

Bangalore, 19th April 1900 ~~189~~

From

H J BHABHA, Esq.,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General and Revenue Departments
Bangalore

SIR,

With reference to Government Order No 9966 / Ed 397 of the 2nd March 1900 last, I have the honour to forward two statements, the one showing the receipts and expenditure of the Students' Home Institution from the time of its establishment and the other showing the increase in the number of boarders admitted to the Home

2 With reference to the remark made in the order that with the increase in the number of students there must be increase in the [illegible] Home, I beg to state that [illegible] increase in the income [illegible] the [illegible] or [illegible] the

was then suggested by Government that a part of the necessary cost of establishment being met from it, to the boys served from the students are most sufficient to meet the expenses of keeping them. Wide true in the case of students' boys as nothing more than the actual cost of boarding is recovered from the students, the grant which is paid to them by Government is never more than the actual cost of the necessary accommodation and establishment. To demand higher rates from the students would practically amount to excluding a large number of them from the Home. The Immkur Students' Home was opened in February 1898 with 11 boarders. The monthly grant of Rs 25 which was then recommended and sanctioned was just enough to maintain a small establishment adequate to meet the requirements of the Home in its experimental stage. Not only the number but the pay also of the servants employed was small. The house engaged for the Home was likewise small. As the number of boarders increased there was a corresponding increase

2 the Home, the Committee has been compelled to provide more accommodation to employ a waterman and to promise an increase of pay to the sudra servants to induce him to stay

3 The pay of Rs 7 recommended for a manager is for a full time manager who has to make purchases, keep accounts and to attend to various other details

4 Under these circumstances, I request that Government may be pleased to sanction the increase of grant recommended, as early as convenient The Committee will be asked to postpone the appointment of a manager till July next and informed that no additional grant will be sanctioned for during the current year employed a

that a part of the proposed increase named
to Rs a month may be sanctioned with
effect from 1st February last, as recommended
in my letter No 7401-2/340 dated the 16th February
last and the full increase of Rs 23 a
month provided in the Budget for 1900-1901

I have the honour to be,
Sir,
Your most obedient servant
